I. General Information

This document is being issued to solicit applications from a duly registered, accredited, and licensed company in Nigeria with evidence for the purchase and delivery of communications devices and accessories for the Nigeria country office use.

II. Background

About Heifer International

Heifer International is a global non-profit organization on a mission to end hunger and poverty in a sustainable way. Since 1944, Heifer International, through its work in 21 countries (in Africa, Asia, and the Americas), has supported more than 39 million people worldwide to end hunger and poverty sustainably, and millions more are now on a pathway to living incomes. Working with African rural communities for 48 years, Heifer International supports farmers and local food producers to strengthen local economies and build secure livelihoods that provide a living income. Heifer’s foundation was built on the belief that ending hunger begins with giving people the means to feed themselves, generate income, and achieve sustainable livelihoods for their households. Heifer’s global vision for 2020 - 2030 is to close the living income gap for an additional 10 million families. This vision is a focused approach for the African continent to support at least 6 million smallholder farmers in Africa to reach sustainable living income. As a part of this commitment, Heifer has expanded its presence in Africa to include Nigeria, to support at least two million households to achieve sustainable living income through (a) strategic private and public sector partnerships, (b) unlocking demand and market opportunities, (c) investing in priority value chains, and (d) leveraging innovation and emerging agricultural technologies to reach transformational scale. More information about Heifer is available at: www.heifer.org
Heifer Nigeria Country Program

Heifer International established its Nigeria Country Program in 2021, and its Signature Program for Nigeria, named “Naija Unlock,” was designed and launched. Naija Unlock program aims to support the unlocking of the potential in Nigeria’s agricultural sector to achieve food self-sufficiency by working with smallholder farmers and local value chain actors to increase their productivity to meet local demand for food and raw materials while closing the living income gap for families in the rice, tomato, and poultry value chains, with plans to add cattle, and small ruminant value chains. Naija Unlock is an evidence-based Signature Program designed to close the living income gap of smallholder farmers at scale with permanence of impact. The goal is to assist more than one million households in achieving sustainable living income by 2025 and scale to two million households by 2030 through strategic private and public sector partnerships to (a) build the social capital of smallholder farmers, (b) unlock farmers’ access to innovative financing, (c) unlock demand and market opportunities, (d) increase farmers access to mechanization and emerging agricultural innovations, and (e) increase farmers knowledge and adoption of climate-smart agricultural practices. Naija Unlock program activities are currently being implemented in five (5) states in Nigeria (Ogun, Edo, Nasarawa, Benue, and Lagos States) with plans to scale to other states with the potential to make an impact at a transformational scale.

**b. Prior-Owned Intellectual Property.**

Any intellectual property owned by a Party before the Effective Date (“Prior-Owned IP”) shall remain that Party’s sole and exclusive property. Regarding any of Contractor’s Prior-Owned IP included in the Work Product, the Contractor shall retain ownership and hereby grants Heifer a permanent, nonexclusive, royalty-free, worldwide, irrevocable right and license to use, copy, reproduce, publicly display, edit, revise, perform, and distribute said intellectual property, in any format or any medium, as part of the Work Product.

**DIVERSITY AND INCLUSION**

Heifer International values diversity, equity, inclusion and belonging (“DEIB”), and believe that effectively accessing and managing diverse talent leads to improved outcomes. HPI takes a broad view of diversity, and inclusive of varied backgrounds including, but not limited to, age, experience, race, ethnicity, sexual orientation, gender, gender identity, disability status, national origin, and culture. HPI expect third-party providers to respect and reflect HPI’s value of DEIB. HPI’s ongoing monitoring of third-party service providers incorporates an assessment of vendors’ commitment to, adherence with, and track record of accessing and retaining diverse and inclusive workforces.
